
Holdfast K9 Partnership

Precision. Purpose. Partnership.

The Kadence Legacy Fund is proud to partner with **Holdfast K9**, a leading Alberta-based service dog training organization. Holdfast K9 is led by an **Alberta-Certified Service Dog Trainer** and specializes in the training, development, and placement of high-performance working dogs. Their approach is rooted in years of experience in military and specialized canine training, producing dogs with loyalty, drive, stability, and precision—qualities essential for veterans and individuals who rely on service dogs every day.

Our collaboration ensures that every service dog placed through the Kadence Legacy Fund meets the **highest standards of temperament, responsiveness, and off-leash reliability**.

Legacy Donor Support:

This year, Holdfast K9 has generously committed **\$10,000 toward the training of K9 Morgan**, the first service dog in our *THE* program. This donation demonstrates their dedication not only to excellence in training but also to the ongoing success and sustainability of our program.

Our Focus Areas

- **Service Dogs:** PTSD, mobility, and custom-trained dogs for veterans, first responders, and civilians
- **Training Programs:** Group sessions tailored to specific service dog training goals

Whether you are a veteran in need of a service dog, an athlete seeking a competitive canine partner, or someone looking for reliable protection and companionship, Holdfast K9 provides dogs you can trust with your life.
