
Partnerships & Support

The Kadence Legacy Fund is proud to collaborate with a network of dedicated partners to ensure the success of our *One Dog, One Life* program. These partnerships reflect our shared commitment to **veterans and first responders**.

Our Key Partners

Holdfast K9 & John Dugas

Holdfast K9, led by **Alberta-Certified Service Dog Trainer John Dugas**, brings years of experience in military and specialized canine training. Their advanced methods ensure every service dog placed meets the **highest standards of temperament, responsiveness, and reliability**. This year, Holdfast K9 has generously committed **\$10,000 toward the training of K9 Morgan**, for our first veteran in 2025.

Partnering With Us

The Kadence Legacy Fund is always looking to collaborate with local businesses, organizations, and compassionate individuals. Together, we can extend our reach, provide more service dogs, and offer scholarships to those in need.

Ways to Partner:

- **Corporate or Small Business Partnerships:** Support our mission through sponsorships, co-branded merchandise, or event collaborations. Share in the impact while promoting your business.
- **Fundraising Campaigns:** Create campaigns that directly fund the care, training, and placement of service dogs.
- **In-Kind Support:** Donate products, services, resources that help us train, care for, and place our dogs.
- **Sponsorship Events:** Each year, we host community-driven events that bring people together in support of veterans and first responders.

Our annual initiatives include:

- PUTT FOR PAWS Golf tournament with GEARS led partnership at CFB Edmonton
- A Christmas memorial tree display sponsorship (Tree topper, or Gift under tree)
- Veterans Week events (PTSD Swim)

Sponsorship opportunities are available year-round, offering meaningful ways to show support for those who serve and the communities they call home.

By partnering with us, you're not just sponsoring an event, you're helping fund life-changing service dogs and standing alongside veterans and first responders in a visible, impactful way.

Your generosity helps cover the ongoing costs of raising, training, and caring for service dogs, including food, veterinary care, equipment, and professional training. Every contribution — whether \$50, \$100, \$250/month, or a one-time gift — directly transforms lives, bringing hope and independence to those living with PTSD.

Carry Kadence's Legacy Forward

By partnering with the Kadence Legacy Fund, you help ensure that no one walks through trauma, grief, or PTSD alone. Together, we can create a future where every individual in need has the support of a service dog.
